Dear PAGC friends,

Our lovely summer continues into September and the gardens still look beautiful. The city has turned off its watering hoses, but we've had plenty of water from another source. Coming up soon, our District V meeting at the Perry, and I am excited about the day, and your participation in hosting. Thank you so much for making this a year of great gardens and finishing it off with a celebration at the Perry!

Just a reminder there is no board meeting or regular meeting this month. See you all at the Michigan Garden Clubs District V Meeting at the Stafford's Perry Hotel at 8:30 am September 20<sup>th</sup>.

You are invited to join the work bee at William Santos shop *Monarch Garden & Floral Design* at 317 E. Mitchell in Petoskey at 4 pm Monday, September 19<sup>th</sup>. Bring a finger food to share.

The PAGC Board proposed at their last meeting that we recognize homes in our community with beautiful gardens. The corresponding secretary will send cards to the addresses that are provided by club members to let homeowners know we appreciate the effort they put into beautifying their homes with plantings and invite them to join the garden club. Please send Carol Kirkland the address, and if possible, a picture of the homes you think should be recognized.

A big THANK YOU to all the members who shared their gardens with us last month. We truly enjoyed them! And, "we know" the extra effort it takes to have guests tour your garden. I hope we can do this again.

*See You at The Perry September 20<sup>th</sup>!*
