November/December Program Update

Thanks to everyone who helped create bouquets for the Flowers for Friends at the October meeting. It was great fun for a good cause. We're tentatively planning a repeat next October as it was so enjoyable. This month, William Santos will be presenting on Foodscapes.

Volunteers Needed

The Membership Committee (Karen McClatchey) is looking for a Co-Chair for 2020, as well as committee members. This is a fun role...recruiting new members to our club, welcoming and supporting new members and their sponsors, and maybe dreaming up new membership ideas just waiting to happen. Please consider the Membership Committee as you think about which committee you want to join in 2020!

The Program Committee is also looking for a Co-Chair and more committee members (thanks Lee Phillips, Sharon Schappacher, and William Santos for all their help this year). Help us to plan and put into action interesting meetings and tours for 2020. We need your ideas and assistance to keep our programs relevant, exciting, educational, and fun!!!

Thank you to all the helpers on planting day in Penn Park.
